## PROFILE

As an undergraduate, I'm looking for a new internship in IT industry. I'm excited to bring my design sensibilities and problem-solving skills, aiming to contribute effectively and learn from experienced professionals. I hope to give my best performance to the organization.

## EDUCATION

### Bsc. (Hons) Computing & Information Systems

Sabaragamuwa University of Sri Lanka

2021 – reading

### G.C.E A/L Examination - Physical Science Stream

Mo/ Rajyananda Central College

2020

## PROJECTS

### "CreamBar" Ice Cream Shop Website (Group) [🔗](#)

2024

HTML | CSS | JavaScript | PHP | Mysql

An order management system for an ice cream shop, also there is an admin panel for this website to manage products and accounts. I contributed to both frontend and backend development of the website.

### Smart Governing Portal (Group) [🔗](#)

2024

Figma | Flutter | Firebase

A centralized platform for citizen-government interaction. I designed the whole UI design of the project. Also, contributed to project management, and some development parts of this project.

### "BurgerHut" Web Project (Individual) [🔗](#)

2023

HTML | CSS

An online food ordering website to order fast foods like pizza, burger and some desserts. It has included some small CSS animations also.

### UI Design for "BudgetBeat" Mobile App (Individual) [🔗](#)

2024

Figma

A mobile app user interface design that created to help university students to manage their finances and track their daily expenses.

### UI Design for "Foodies" Mobile App (Individual) [🔗](#)
